

Solution Hood

The Solution Hood was designed to handle a multitude of applications. Its streamlined posts and radiused airfoil, along with a 36-inch high viewing area, offer a softer look than conventional fume hoods. The hood passed NIH, EPA and ASHRAE 110 testing by a third party at 100 FPM and 60 FPM full open and at 18 inches. The hood can be used in both CAV and VAV designs.

so adaptable.

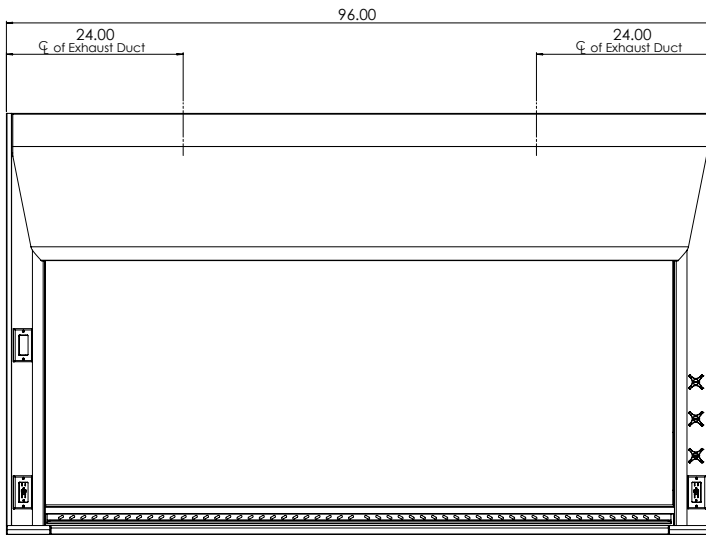

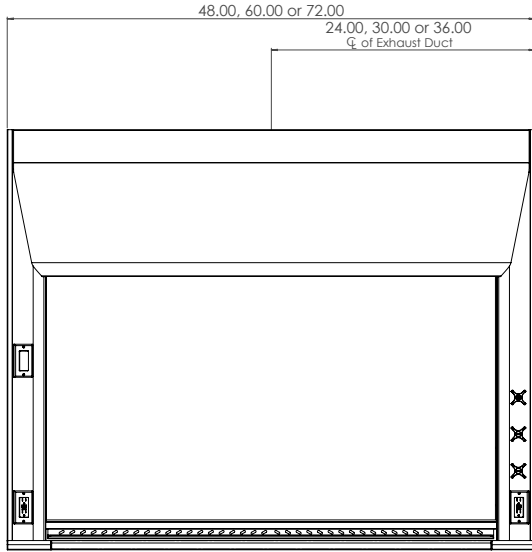

- Powder coated finish
- Full frame construction
- Chain and sprocket shaft drive sash
- UL listed poly resin liner
- Flush mount airfoil
- T-8 fluorescent lights
- Full-length finger lift
- 36" high sightline
- Full view sash
- 10" round SS duct collar(s)
- 60-100 FPM
- Designed for CAV or VAV HVAC systems
- Optimal interior working depth
- 18" auto-return sash available
- Knock down ready
