Base Cabinets — Sitting Height

Sitting height cabinets are 28.75" high and 23.00" deep. Units are available in various widths as shown. No shelves are available in sitting height base cabinets with the combination of doors and drawers. Drawer units feature 100 lb. full extension slides as standard. Door units feature single shelf as standard. Additional shelves are available. Specify left- or right-hinged doors using the suffix "L" or "R". If locks are required, use the suffix "LK". If a vertical divider is required between cup board and drawer section use the suffix "VD". If a finished back is required use the suffix "FB".

When ordering 18" or 24" wide cabinets please place suffix "L" left or "R" right, after the part number for the hinge placement.

If a Vent Kit is required, use the suffix "VK".

Note: AMS recommends vent kits for all corrosives cabinets. Acids and bases should not be stored in the same cabinet.

Corrosive - Vent Kit

Vent systems shall be manufactured from polyolefin resin and shall conform to ASTM #1412-92 for corrosion resistance and material content. The vent system will contain no PVC or solvents used for assembly. Vent may be constructed using rigid or flexible pipe as required. Vents will be manufactured by Scientific Plastics, Inc. of Kansas City, KS, USA.

Flammables storage cabinets are certified to meet NFPA 30 and are UL listed. Cabinets are available in 18" and 22" depths. For 22" depth, add suffix "-22" to the part number. For synchronized self-closing doors add "-SCC" to the part number. When ordering 24" wide cabinets please place suffix "L" left or "R" right, after the part number for the hinge placement.

Cabinets with self-closing doors are constructed to the UL1275 standards, but do not have a UL label

Vacuum Pump Cabinets

Vacuum Pump Cabinets come with pull-out shelving slides and Polydamp Melamine Foam that has heat resistance and sound dampening qualities. This is applied to the inside of the cabinet. (Please note actual cabinet depth with finished back will be 23.00" and 19.00").

Mobile Cabinets

Most AMS cabinets are available in a mobile version including low profile (27.18" high), sitting height (28.75" high), ADA height (31.75" high), and standing height (34.75" high). They come standard with a finished back and optional finished top. To specify a mobile cabinet use the prefix "M" to the base cabinet model number (example: SMB2724-110). They come standard with a 3" wheel caster and two front casters are locking. There is no height changes to the cabinets when replaced toe kicks with casters. 2" casters are available by adding the suffix "-2" to the part number. Cabinet depth with finished back is 23.00".

All mobile cabinets with drawers come standard with a tip resistant counter weight.

Tops: Please add the suffix "T" for steel, "E" for epoxy, "P" for phenolic. All tops are 3/4" thick and with a 7/8" overhang on front only. **No top overhang for Overlay Mobile Cabinets** (example SMB2724-110L-T)

Mobile Cabinets

Standing height mobile cabinets are 34.75" high and 23.00" deep. Units are available in various widths. Each example below is available in the standard four heights shown on the left. Door units feature a single shelf as standard for standing height cabinets. All open units have 2 shelves. Additional shelves are available. Specify left- or right-hinged doors using the suffix "L" or "R". If locks are required use the suffix "LK".

Suspended Cabinets

Most AMS cabinets are available in a suspended version including low profile (23.18" high), sitting height (24.875" high), ADA height (27.875" high), and standing height (30.875" high). To specify a suspended cabinet use the prefix "H" to the base cabinet model number (example: SHB2324-110). Finished backs are optional and can be specified with the suffix "-FB". Low profile cabinets should be used for adjustable height work benches or table frames on casters to allow the caster to swivel if the adjustable leg is positioned in the lowest setting.

Suspended Cabinets

Standing height suspended cabinets are 30.875" high and 23.00" deep. Units are available in various widths. Each example below is available in the standard four heights shown on the left. Door units feature a single shelf as standard for standard height cabinets. All open units have 2 shelves. Additional shelves are available. Specify left- or right-hinged doors using the suffix "L" or "R". If locks are required use the suffix "LK". If a finished back is required use the suffix "FB".

Tall Cabinets

Tall cabinets are 84" high and available in 16", 18", 21" and 24" deep by using the two digit suffix. Suffix is not needed when selecting 16" deep. Units are available in various widths as shown. All units feature five shelves as standard (middle shelf fixed). Additional shelves are available. Specify left- or right-hinged doors using the suffix "L" or "R" after the two digit depth number. If locks are required use the suffix "LK". Wardrobe cabinets are available by adding the suffix "W" to any of the standard part numbers. They will include one hanging bar in lieu of shelves. For pull out shelves add the suffix "PS".

width

Example: CFB2930-6-NTK

No Toe Kick
(toe kicks come standard on units)

Cabinet finished backs come standard with a toe kick. Finished backs can be applied to a multitude of cabinets. The example above represents the layout for the part number. The height, width, and depth must match the cabinet that the finished back is to be applied too. If you do not want a toe kick on your unit be sure to put the suffix "NTK" at the end of the part number.
